Forecast for Tuesday 02 Nov 2021

Weather: Southern Cairngorms and more northern Angus hills will be cloudy at times with the chance of a few showers, these perhaps heavy with some hail, and falling as snow above 900 metres. Across the Perthshire hills, the Ochils and more southern Angus hills more in the way of drier, brighter weather expected.

Chance of cloud free mountain/hill tops above 800m: 60%

Visibility: Poor in any wintry showers, and in any cloud down to 700 metres as showers pass by. Otherwise outside of cloud very good visibility with great air clarity, although some persistent low cloud may shroud the higher Munro tops across the Cairngorms well into the afternoon.

**Level above which ground is expected to be frozen/snow is expected to settle.*

Met Office Aberdeen Meteorologist's View
Strong winds at higher summit level gradually moderating through the day. Freezing level likely to 200 metres higher than shown.

Forecast for Wednesday 03 Nov 2021
Weather: Cloudy at times across the Cairngorms with occasional showers, these wintry above 800 metres at first, eventually turning to wintry down to 500 metres by the end of the afternoon as it becomes colder. Elsewhere largely dry with some sunshine. Feeling bitterly cold in the strong northerly winds.

Maximum wind: Northerly 25 mph with gusts to 40 mph

Chance of cloud free mountain/hill tops above 800m: 50%

Visibility: Generally very good with great air clarity. Becoming poor in any snow, and in cloud down to 700 metres as showers pass by. Some cloud may linger across the higher tops through the day in the north of the area.

Temperature: **Glens:** Plus 2 rising to 6 Celsius
At 800m: Plus 3 falling to minus 1 Celsius
Freezing level: 1200 metres falling to 700 metres
